Black Hawk II Reservation & Charter Policies

Thank you for your reservation with the Black Hawk II. Please review the following information and contact us if you have any questions.

Charter Policies

- 1) Although the Black Hawk II is licensed for 73 passengers, we limit the actual fishing number to 50. If you wish to reserve the entire boat for your group during one of our open fishing trips, the base rate will be \$2900. (\$58 per person x 50 people) All inclusive packages, including rod and reel rental, tackle, catering, fish cleaning and gratuities are available for an additional fee.
- 2) Reservations are not complete until we have a deposit for the date of your trip. Deposits for our private charter trips are refundable up to one week prior to your trip. Deposits for our open fishing trips are non-refundable. All deposits are refundable if we (Black Hawk II) cancel the trip for any reason (inclement weather, etc).
- 3) You are responsible for contacting the Black Hawk no less than 2 days prior to the date of your trip with a final count of the number of people who will be attending.
- 4) Your group must arrive at the dock one (1) hour prior to your scheduled departure time. For our open fishing trips, we reserve the right to sell spots of anyone not at the dock 1 hour prior to sailing time.
- 5) Unless otherwise specified, reservations and fares do not include lost tackle, fish filleting, purchases from the galley (food, drinks, sunscreen, sweatshirts, etc) and tips for the mates.
- 6) Please be sure everyone in your group is aware of the following:
 - Please wear shoes, no sandals or bare feet.
 - Do not bring glass containers or hard alcohol on board!
 - Bring sunglasses, sunscreen, and a hat.
 - Dress warm- even in the summer months. We have plenty of room for extra clothes, but we've found that cold customers are generally unhappy customers.
